

LAUNCH ENGINEERING ACADEMY

The Launch Internship Program is hosting an Engineering Academy in partnership with **NASA's HUNCH Program**. Students will create a prototype that will address challenges associated with **space exploration**.

HOW?

- Students will receive instruction and support from DPS teachers and weekly project advice from a **NASA advisor**.
- Must apply to the Launch Program (use QR code below).
- Must have completed 2 semesters of engineering classes.

To apply, scan the QR code and fill out an Interest Form.

June 5 - June 30

25 hours a week for 4 weeks

Two Locations:
McGlone, 4500 Crown Blvd.
JFK 2855 S. Lamar St.

WHY?

- Apply your knowledge to aerospace challenges
- Gain industry experience
- Earn up to \$750
