

# Summer 2023 Renewable Energy Academy

*June 5- June 30, 2023*

*McGlone Academy - 4500 Crown Blvd, Denver, CO 80239*

Denver Public Schools Career Development Team will offer high school students the opportunity to participate in a **Renewable Energy Academy** in Summer 2023. The Academy will combine solar installer training, career exploration events and mentoring from professionals in the renewable energy field.

**Kick start your career in this growing industry!**

## WHAT STUDENTS NEED TO KNOW:

- You can earn up to \$900 for completing the program successfully.
- You will earn a certificate that could lead to future jobs.
- The program is 25 hours per week for 4 weeks.
- Students who attend Northfield, Northeast Early College, Dr. MLK, Jr. Early College, Legacy, Online, Vista or MCT are eligible.
